BioGenesis is a technology that is millions of years old, but has not been on Earth since the days of Atlantis. These healing tools were Re-introduced to Earth in 1999 by an Ascended Master; **BioGenesis** is to make YOUR Life Better

BioGenesis involves a Spiritual Energy that is instilled into glass tools. Those glass tools then radiate the energy to their environment. Each tool uses the same energy, but the design of these tools determines how the energy is to be used.

BioGenesis Tools restore harmony to the body, the emotions and the mind, as well as your home, workplace and life.

BioGenesis is a technology that uses spiritual energy to offer many physical and emotional benefits, assisting in restoring harmony in your body, Your Life, and Your Home.

This Special **BioGenesis** Energy will remain in these healing tools for hundreds of years. There is no need to cleanse the energy in these healing tools as the Biogenesis Energy cannot be altered by another energy or influence
